

# SCOTT COHEN

Senior Healthcare Consultant

scott.cohen@milliman.com

+1 404 254 6770

## Current Responsibility

Scott is a healthcare analytics consultant with the Atlanta office of Milliman. He joined the firm in 2013.

## Professional Work Experience

Scott has more than 15 years of experience in healthcare analytics. Prior to joining Milliman, he served as the director of medical economics for a disease management vendor and senior health analytic consultant for a major benefits consulting firm. Examples of his specific client work include the following:

- Developing metrics and dashboards for monitoring and evaluating medical plan performance and related interventions (e.g., disease management, high-deductible health plans, price transparency, etc.)
- Negotiating performance guarantees related to care management programs.
- Benchmarking on specialized metrics (e.g., unit price variation for high-cost services, health risk migration for members with common chronic conditions, utilization for preference-sensitive conditions, etc.)

## Education

- MPH, Health Policy, University of North Carolina, Chapel Hill
- MS, Exercise Science, University of Massachusetts, Amherst
- BS, Accounting, State University of New York, Binghamton
