Current Responsibility

Matthew Hayes is a consulting actuary in the Tampa office of Milliman. He joined the firm in 2016.

Professional Work Experience

Matthew's experience includes 15 years in the actuarial field working in both the health and life sectors. Matthew's expertise lies in all areas of the pharmaceutical space including formulary and rebate analysis, competitive analytics, network analysis, policy research, PBM analysis, benefit design, and Part D pricing. Matthew also has extensive experience in Medicare Advantage pricing, research, experience analysis, and regulatory and compliance review.

Prior to joining Milliman, Matthew spent seven years at a large national insurer, helping to double PDP membership during that time while honing his leadership, management, and technical actuarial skills.
