Current Responsibility

Tim Kempen is a principal and consulting actuary with the Milwaukee office of Milliman. He joined the firm in 2006.

Professional Work Experience

Tim works in Milliman's Healthcare Practice, primarily in long-term care (LTC) insurance, group and individual major medical, and Medicare Part D analysis. He has assisted clients with analyzing and summarizing medical claim and LTC data, product development and pricing, appraisals, financial projections, benefit pricing, valuation of reserves, and healthcare reform analysis. Tim has also spoken at national industry conferences.

Recent projects Tim has completed include:

- Assisting LTC insurance companies with experience analysis, financial projections, product development, valuation of reserves, and converting projection models to a "first principles" basis
- Assisting Programs for All-inclusive Care for the Elderly (PACE) organizations with Medicare Part D bid development, analysis of prescription drug prescribing patterns, and other issues
- Conducting rate setting for self-insured groups
- Performing year-end statement of actuarial opinions and reserve setting

Professional Designations

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

Education

BS, Mathematics, Finance, and Business Administration and Economics, University of Wisconsin - Platteville
