Current Responsibility

Jason is a principal and consulting actuary in the Little Falls, New Jersey office of Milliman. He joined the firm in 2005.

Professional Work Experience

Jason consults on a wide variety of property and casualty assignments, including loss reserving, rate and funding level estimation, financial modeling, cash flow analyses, and data analysis.

Jason has experience with a variety of lines of business, including medical professional liability, workers compensation, general liability, and reinsurance. He has performed cash-flow analyses in support of expert testimony, reserve reviews in support of internal management and regulatory oversight, and simulations to determine optimal reinsurance needs. The clients he serves include single and multi-line primary insurance companies, reinsurance companies, self-insurance groups, and captive insurers.

Professional Designations

- Fellow, Casualty Actuarial Society
- Member, American Academy of Actuaries

Education

BS, Business Administration, New York University
