

KEN LIM

FIAUK

Consulting Actuary

ken.lim@milliman.com

Current Responsibility

Ken joined Milliman in 2018, based in Kuala Lumpur. He specializes in Property & Casualty, working on consulting projects in Southeast Asia and Greater China. He previously worked with a multinational general insurer based in London prior to joining Milliman.

Professional Work Experience

Ken specialises in property and casualty insurance. His experience includes:

- Statutory insurance liabilities review for general insurers in Southeast Asia
- Independent review of valuation process for non-life companies in Malaysia
- Appraisal valuation and transaction management for M&A projects in Asia
- Motor premium rates review and repricing strategy, leveraging on machine learning models.
- Fraud, Waste and Abuse analysis for health insurers
- Technical pricing using GLM and Machine Learning models.
- Post modelling work for personal lines products, including but not limited to rates deployment, impact analysis, rates reconciliation and experience monitoring.
- Providing actuarial trainings and workshops for general insurers in Southeast Asia.
- Project management support for product development assignments

Professional Designations

- Fellow, Institute of Actuaries, UK
- Fellow, Actuarial Society of Malaysia

Education
