Current Responsibility

Magnus is a consulting actuary with the Milliman Life practice based in London. He joined the firm in 2010.

Professional Work Experience

Since joining Milliman, Magnus has been involved in a wide variety of projects within life insurance and risk. These include statutory valuation work, cashflow and capital model development, and M&A consulting.

Magnus has extensive experience in Integrate® modelling and model development. He has worked on multiple system transformations, assisting clients transitioning from legacy models to Integrate.

He has worked with clients to implement Solvency II, assisting them with matching adjustment applications and impact assessments for PRA data collection exercises.

Magnus actively contributes to the practice's on-going research work, where his focus has been on IFRS 17, helping to understand the implications of the incoming standard for Milliman's clients.

Professional Designations

Fellow of the Institute and Faculty of Actuaries.

Education

BSc, Mathematics, Imperial College.
