+1 206 613 8255

Current Responsibility

Spencer Marshall is a consulting actuary specializing in healthcare in Milliman's Seattle office. He joined the firm in 2021.

Professional Work Experience

Spencer's primary areas of expertise as a healthcare consultant include:

- Provider reimbursement benchmarking
- Claims and membership analytics
- Claims repricing
- Data warehousing and visualization
- Actuarial reserving for standard and unique populations
- Automation and tool development

Spencer has experience working with health plans, hospital systems, specialty provider organizations, integrated delivery systems, and health startups. He is an expert at developing and implementing end-to-end solutions for repricing, forecasting, reserving, and reporting.

Professional Designations

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

Education

BS, Mathematics, University of Texas at Dallas
