Principal and Consulting Actuary

siddharth.mehra@milliman.com

Current Responsibility

Siddharth Mehra is a principal and consulting actuary in Milliman's Dubai office. He specializes in property and casualty insurance and IFRS 17 implementation, leading projects in the middle eastern region.

Professional Work Experience

Siddharth has over 12 years of experience on a wide range of projects in the Middle East, Asia, Korea, and the United States. His experience includes:

- Leading the appointed actuary role for multiple clients in the region
- Leading more than 30 IFRS 17 implementation projects for insurance groups, companies, and branches
- Providing consulting to the regulators in the region
- Managing partnerships with other consulting and product companies like KPMG, PWC, and CleverSoft
- Assisting clients in M&A projects with actuarial due diligence
- Managing solvency review, business review, and underwriting review projects for both regulatory and non-regulatory projects
- Developing products and pricing for personal lines
- Conducting reinsurance optimization
- Developing business planning models
- Valuing pensions for U.S. and South Korean clients

Prior to joining Milliman, Siddharth was the Head of Actuarial Department at National Takaful Company – Watania, UAE. Siddharth also has experience working on pension valuations for defined benefits plans with Mercer.

Professional Designations

- Fellow, Institute of Actuaries of India
- Fellow, Institute and Faculty of Actuaries, UK
- Passed Enterprise Risk Management (ERM) exam with Institute and Faculty of Actuaries, UK
- Passed International Financial Reporting for Insurers (IFRI) from Society of Actuaries

Education

B.Sc. Statistics (Hons), Delhi University, India

Presentations and Publications
