+1 952-820-2408

Current Responsibility

Joe Neary is an actuary with the Minneapolis office of Milliman. He joined the firm in 2016.

Professional Work Experience

Prior to joining Milliman in June 2016, Joe graduated from the University of Minnesota where he majored in Mathematics and minored in Statistics and Economics.

Since joining Milliman, Joe's primary area of concentration has been long-term care insurance. He has assisted clients with in-force management, including state insurance department rate filings (both pre- and post-rate stability regulation), financial projections, experience analyses, and compliance issues. Joe's experience comprises both individual and group blocks of business.

Professional Designations

- Fellow, Society of Actuaries
- Member, American Academy of Actuaries

Education

BS, Mathematics with Actuarial Science Specialization, University of Minnesota
