## Current Responsibility

Arthur Rains-McNally is a principal and consulting actuary with the Seattle office of Milliman. He joined the firm in 2000.

## Professional Work Experience

Arthur has worked with a variety of private, multiemployer, and public employers consulting on both retirement and retiree medical plans. His clients include Fortune 500 companies, multi-state and statewide Taft-Hartley trusts, and county and city employee retirement and retiree medical plans.

Arthur assists clients on a wide range of issues including plan design, mergers & acquisitions, actuarial valuations, benefit and cost projections, assumption studies, financial reporting (FASB, GASB, and CAS), and pension administration.

## Professional Designations

- Fellow, Society of Actuaries
- Enrolled Actuary, ERISA
- Member, American Academy of Actuaries

## Education

- MS, Mathematics, University of Idaho
- BS, Mathematics, Washington State University
- BS, Physics, Washington State University

## Presentations and Publications

Arthur speaks regularly at regional and national conferences. His recent presentations include:

- Risks and De-Risking Strategies
- Retirement Plan Designs from a Plan Sponsor's Perspective
- Managing Retirement Risk
- Employee Demographics: What you don't know may cost you

His recent publications include:

- Is it finally time to improve benefits?
- Public pension plan funding policy: Effectiveness of amortization methods under deterministic projections
- What can plan sponsors do with plummeting interest rates?
