ASA, MAAA

Consulting Actuary

eric.walters@milliman.com

+1 208 350 2236 (US)

## Current Responsibility

Eric Walters is a consulting actuary with the Boise office of Milliman. He joined the firm in 2014.

## Professional Work Experience

Eric works with a variety of corporate, public, and multiemployer clients as a healthcare consultant. His assignments have included general consulting, post-retirement benefit valuations, rate calculations and renewals, benefit design, benchmarking analysis, estimations of liabilities and reserves, Medicare Part D attestations, and model building.

He also manages the development and maintenance of Milliman-wide claims cost and healthcare trend models used for OPEB valuations.

## Professional Designations

- Associate, Society of Actuaries
- Member, American Academy of Actuaries

## Education

BS (cum laude), Mathematics, Brigham Young University

## Presentations and Publications

Eric's most recent publications include:

- Milliman Retiree Health Cost Index (September 2022, May 2023)
- Multiemployer Alert: Extension of deadlines for COBRA elections and COBRA payments (June 2020)
