Current Responsibility

Delbert Zamora is a principal and consulting actuary in the Dallas office of Milliman. Delbert consults clients in areas of designing, funding, and financial reporting of their retirement programs.

Professional Work Experience

Delbert has worked in the retirement consulting field since 1994, with prior experience at Deloitte & Touche / Deloitte Consulting, and Ernst & Young.

His expertise includes:

- Actuarial valuations for defined benefit plans (qualified and non-qualified) and retiree medical programs for corporate, public, church, and non-profit clients
- Financial accounting consulting including global accounting consolidation and mark-to-market conversions
- Merger & acquisition due diligence and related consulting
- Defined benefit and contribution design
- Consulting on plan administration outsourcing alternatives
- Plan termination consulting and execution

Delbert has also developed internal technical training initiatives and presented before professional actuarial groups.

Professional Designations

- Enrolled Actuary (EA) under ERISA
- Member, American Academy of Actuaries
